Dear Mr. Lake,

5724 '99 MAY 24 AIO:40

I am writing to object to  
U.S. participation in any agreement that  
would withhold information from the  
consumer. the food we eat and the manner  
in which it is produced. I am writing  
specifically about genetic engineering as  
an Experimental Technology. To produce  
that food. I am ardently opposed to it  
and insist upon the consumer's right to  
know. All genetically engineered food should  
be labeled as such including milk produced  
by Bovine Growth Hormone Technology.  
The American Public should be given a chance  
and not have the decision made for us  
behind closed doors.

Sincerely  
Elizabeth D. Lane
